A Special Thanks To

Robert A. Sortland

Now and then a friendly fellow wanders into the senior lounge with no special motive except to visit and maybe give someone a message to call home. Every day, sometimes every period, someone rushes into his office with a problem or complaint — seldom with something good to report. Mr. Sortland is an extra-special listener who will always help anyone with a problem. Sometimes just by listening he helps a lot more than he even realizes.

The senior class is happy to be able to benefit from his promotion and consequent greater contact and influence. As a teacher, as a principal, as an advisor, and as a friend, he contributes a great deal to the student-teacher relationship at Burroughs. A man respected and yet considered by many to be a trusted confidant, he can impart disciplinary measures (unfortunately for us) as easily and effectively as he can personal advice.

Thank you Mr. Sortland, for your many hours of listening and caring. You seem to give so much more than you receive in return. We really appreciate you; in the words of one senior, "You make me smile."

To the Class of 1973

In a baseball game a run was scored in the first inning. At the end of the game the score was one to nothing. Not until completion of the contest could the players know the significance of that one run. Perhaps an analogy can be made with your experience at Burroughs in relation to your entire life.

Can you accurately gauge at graduation time the impact of the education you received in the first innings of your life? Has this education been a plus factor? If so, why not add insurance to the innings of life ahead of you?

Looking at the game from the loser's standpoint, there is still plenty of time to score in the late innings to offset the lack of runs in the beginning. Perhaps you are among the few who has not benefited from the educational opportunities offered so far. Can you make up this deficiency in the years ahead? Your next inning is probably college where again you will be given a chance to bat.

Opportunities come and go. Waiting until the end of the game of life to try to score is too late. Take advantage of the opportunities as they are presented to you inning by inning, year by year.

Six years ago we started our careers at Burroughs. I hope we have learned from each other and that the school is a better place because you have been here.

SUZANNE EILEEN EDISON

When I am in this world, non-possessive love is fully present — gently touching, never clutching. I do not have to make corrections in me to arrive at it, as I sometimes do at other times. In this world, this love just **is.** You come toward me. I have the feeling of a smile. You leave me. The same lightly dancing happiness feeling remains. I miss you sometimes. I really do. You come into my thoughts and you are not here. But at the same time, I am not missing you, for you are still with me. I wish you well. I don't know what you are doing and I do not need to know. My wish is a feeling without words, "May all be well with you."

— Barry Stevens

and are no more what of it we should worry
in every language even deafanddumb
thy sons acclaim your gloriius name by gorry
by jingo by gee by gum

why talk of beauty what could be more beautiful than
these herioc happy dead
who rushed like lions to the roaring slaughter
they did not stop to think they died instead
then shall the voice of liberty be mute?"

He spoke. And drank rapidly a glass of water.

"To be nobody — but yourself in a world which is doing it's best, night and day, to make you everybody else — means to fight the hardest battle which any human being can fight; and never stop fighting."

"The mountain and the
squirrel
Had a quarrel,
And the former called the
latter "Little Prig";
Bun replied,
'You are doubtless very big;
But all sorts of things and
weather
Must be taken in together,
To make up a year
And a sphere.

And I think it no disgrace
To occupy my place.
If I'm not so large as you,
You are not so small as I,
And not half as spry.
I'll not deny you make
A very pretty squirrel track;
Talents differ; all is well
and wisely put;
If I cannot carry forests on
my back,
Neither can you crack a nut".

JOSEPH ROTH DREYER

"To enjoy is good enough for me."

Ask the mirror on the wall
Who's the biggest fool of all,
Bet you feel small
It happens to us all.

See the world
Ask what it's for,
Understanding, nothing more,
Don't you feel small
It happens to us all.

Time is now to spread your voice,
Time's to come there'll be no choice
Why do you feel small,
It happens to us all.

Look at progress
Then count the cost,
We'll spoil the seas
With the rivers we've lost.

See the writing on the wall,
Hear, the mirror's warning call.
That's why you feel small
It happens to us all.

Ask the mirror on the wall
Who's the biggest fool of all,
Bet you feel small,
It happens to us all.

SUSAN DARCY HECKER

A cigarette is the perfect type of pleasure. It is exquisite, and it leaves one unsatisfied. What more can one want?

Peindre d'abord une cage
avec une porte ouverte
peindre ensuite
quelque chose de joli
quelque chose de simple
quelque chose de beau
quelque chose d'utile
pour l'oiseau
placer ensuite la toile contre
un arbre
dans un jardin
dans un bois
ou dans une forêt
se cacher derrière l'arbre
sans rien dire
sans bouger . . .
Parfois l'oiseau arrive vite
mais il peut aussi bien mettre
de longues années
avant de se décider
Ne pas se décourager
attendre
ettendre s'il le faut pendant
des années

° ° °

Quand l'oiseau arrive
s'il arrive
observer le plus profond
silence
attendre que l'oiseau entre
dans la cage
et quand il est entré
fermer doucement la porte
avec le pinceau
puis
effacer un à un tous les
barreaux
en ayant soin de ne toucher
aucune des plumes de
l'oiseau
Faire ensuite le portrait de
l'arbre
en choisissant la plus belle
de ses branches
pour l'oiseau
peindre aussi le vert
feuillage et la fraîcheur du
vent
la poussière du soleil
et le bruit des bêtes de
l'herbedans la chaleur de
l'été
et puis attendre que l'oiseau
se décide à chanter
Si l'oiseau ne chante pas
c'est mauvais signe
signe que le tableau est
mauvais
mais s'il chante c'est bon
signe
signe que vous pouvez signer
alors vous arrachez tout
doucement
une des plumes de l'oiseau
et vous écrivez votre nom
dans un coin du tableau

SHARON GUEBERT

Hi everybody! My name is ShuShu. I am a petrified mushroom. In fact, all my friends are petrified mushrooms or toadstools. It doesn't matter to me whether you be a mushroom or a toadstool, I like you just the same.

Well anyway, here I am, sitting in the ground feeling all of my friends go by. You know, all of their gills look alike and their spores are exactly the same color.

But I am different, I am a big orange mushroom with light pink spores, and instead of living in an old cave or on a log, I have chosen to live in the woods where occasionally my friend Sunny visits me. I, unlike many other mushes, enjoy the company of Sunny even though I spread without Sunny's aid.

You know, in my over 2,000 years of life, I've met many friends and I've found they've had a definite effect upon me, especially those with whom I've shared the same log. That's the way I am, I never seem to forget past experiences or old friends. Maybe that's the way it's meant to be.

"Love rejoiceth with the Truth"

— Saint Paul (I Corinthians 13:6)

"Thus saith the Lord; Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord. For he shall be like the heath in the desert, and shall not see when good cometh; but shall inhabit the parched places in the wilderness, in a salt land and not inhabited.

Blessed is the man that trusteth in the Lord, and whose hope the Lord is. For he shall be as a tree planted by the waters, and that spreadeth out her roots by the river, and shall not see when the heat cometh, but her leaf shall be green; and shall not be careful in the year of drought, neither shall cease from yielding fruit."

Is it an earthquake or simply a shock
Is it the good turtle soup or merely the mock
Is it a cocktail this feeling of joy
Or is what I feel the real McCoy

Is it in marble or is it in clay
Is what I thought a new Rolls or a used Chevrolet
What can account for these strange pitter pats
Could this be the dream, the cream, the cast

Is it to rescue or is it to wreck
Is it an ache in the heart or just a pain in the neck
Is it the ivy you touched with a glove
Or is it at long, is it at last
Is it at long last love

JAMES JOSHUA MOSCOWITZ

"Nobody cares about what Grandma had except Grandpa."

I started on my journey, and I thought I'd go by train,
To a little town called Morrow in the upper part of Maine.
I'd never been much of a traveler, so I really didn't know,
That Morrow was the hardest place I'd ever tried to go.

I went down to the station, for tickets and applied
For trips regarding Morrow not expecting to be guide.
Said I, "My friend I'd like to Morrow and return
No later than tomorrow for I haven't time to burn."

Said he, to me, "Now let me see, if I've heard you right.
You'd like to go to Morrow and return tomorrow night
You should've gone to Morrow yesterday and back today,
'Cause the train that left to Morrow is an hour upon it's way.

If you'd gone to Morrow yesterday, now don't you see
You could have gone to Morrow and come back today by three
But the train today to Morrow, if the schedule is right,
Today it gets to Morrow and returns tomorrow night."

Said I, "My friend it seems to me, you're talking through your hat.
There is a town called Morrow on this line now tell me that."

"There is, said he, but take from me this quiet little tip.
To go from here to Morrow is a fourteen hour trip.
The train today to Morrow left today at 8:35
Half past tomorrow is the time it should arrive

Now if today to Morrow is a thirteen hour jump,
Can you get today to Morrow, and get back today, you chump!"

Said I, "I'd like to go to Morrow, so can I go today,
And get there by tomorrow night, if there is no delay?"

"Well, well, now this is all I'll say, can you get anywhere tomorrow and get back again today?"

"We are here precisely to discover what no one has ever seen."
— Reverend Samuel Parris

There is no need
to run outside
for better seeing,
Nor to peer
from a window.
Rather abide
At the center
of your being;
for the more
you leave it,
the less you learn.
Search your heart
and see
if he is wise
who takes each turn:
The way to do
is to be.

"Or would I were a little burnished apple . . ."

Sunday afternoon —
And I,
like the potted plants beside me,
Risk a green existence
behind cold panes of glass.
With pink petals extended,
We stare unashamedly
and breathe shy circles of steam
onto the window.
I examine myself to find that
my skin, begonia-like,
has lost its ruddy hue
by process of intellectualization.

"Living well is the best revenge."

I count it always a joy to be young,
  But age a burden
  Oppressiver then Aetha rocks
  To thrust upon head, a mantle thrown
Enfolding darkly away the light from eyes.
O never would I desire to be wealthy
  With Asian sovereignty
  And households full of gold
    Exchanged for my prime:
  So lovely in wealth it is,
  So lovely poor, to be young.
But Age, woebegone, murderous
I do detest. I wish it were gone
To the deep of the sea. Better by far
Never had Age approached in the homes of men
Or cities: better on wings in air
  Forever and ever to fly.
    Euripides

"How do you keep the boys back on the farm once they've seen gay Paris?"

"This is the time when a man has no more fears , no more impatient clarity of mind — a time when he has an un unyeilding desire to rest. If he gives in totally to his desire to lie down and forget, if he soothes himself in tiredness, he will have lost his last round, and his enemy will cut him down into a feeble old creature. His desire to retreat will overrule all his clarity, his power, and his knowledge.
"But if the man sloughs off his tiredness, and lives his fate through, he can then be called a man of knowledge, if only for the brief moment when he succeeds in fighting off his last, invincible enemy. That moment of clarity, power, and knowledge is enough."
— don Juan, a Yaqui Indian

"I do not think Godot will come tonight. But all the same I leave the window open."

"They walked on, thinking of this and that, and by-and-by they came to an enchanted place on the very top of the forest called Galleons Lap. Christopher Robin began to tell Pooh about some of the things: People called Kings and Queens, an island in the middle of the sea where no ships came, and something called Factors. Pooh, his paws folded in front of him, thought how wonderful it would be to have a brain. But by-and-by Christopher Robin came to an end of the things, and was silent, wishing it wouldn't stop. Sitting there they could see the whole world spread out until it reached the shy, and whatever there was all the world over was with them in Galleons Lap. Suddenly, Christopher Robin put out a hand, and felt for Pooh's paw. "Whatever happens, you WILL understand, won't you, Pooh?" "Understand what?" "Oh, nothing." He laughed and jumped to his feet. "Come on!" "Where?" said Pooh. "Anywhere," said Christopher Robin.

PENELOPE LEWIS WANG

Once I saw a white bird on a wild coast and fell in love with this dream which obsesses me.

"Which direction are you headed?" asked the repariman.

"North," said the Stuart.

"North is nice," said the repairman. "There's something about north that sets apart from all other directions. Following a broken telephone line north, I have come upon some wonderful places: swamps where cedars grow and turtles wait on logs but not for anything in particular; fields bordered by crooked fences broken by years of standing still; orchards so old they have forgotten where the farmhouse is. In the north I have eaten my lunch in pastures rank with ferns and junipers, all under fair skies with a wind blowing. I know fresh lakes in the north, undisturbed except by fish and hawk and, of course, by the Telephone Company, which has to follow its nose. I know all these places well. They are a long way from here — don't forget that. And a person who is looking for something doesn't travel very fast."

"That's perfectly true," said the Stuart. "Well, I guess I'd better be going. Thank you for your friendly remarks." Stuart rose from the ditch, climbed into his car, and started up the road that led toward the north. As he peered ahead, the way seemed long. But the sky was bright, and he somehow felt he was headed in the right direction.

CHRISTMAS PAGEANT

With the guidance of our new director, Mr. Perkins, the Christmas Pageant took on new dimensions. The Tableau, designed by Patty Pollard was a break from tradition. The Polynesion Nativity scene portrayed Suzi Edison as Mary and Robb Weiboldt as Joseph. Others in the Tableau were Penny Wang, a senior and Michele Banten, a 7th grader. Book boys and girls were Mimi Minkoff, Matt Kayes, Philip Horwitz, Susan Pollnow, Elizabeth Kiplinger, Jim Hayes and John Burke. Reasers were Joan Jacobs and Jeff Miller.

The two chorus; entered singing "Masters in This Hall". The opening piece was "Hodie Christus Natus Est" sung by both the Glee Club and the Junior Chorus. The Junior Chorus sang "Christmas Dance of the Shepards". "A Stable Door" and "A Boy Was Born" were sung by the Glee Club in a beautiful simplistic manner. Exhibiting contemporary style, the Glee Club sang two selections from Leonard Bernsteins "Mass": "Gloria Tibi" and "Gloria un Exclesis". "Awake, Awake" was sung by the Junior Chorus. The pageant was closed with the singing of Micheal Hyden's, "Schlaf Nur Fort", a German lullaby. The lights dimmed. "Mary's Lullaby" was beautifully sung by Ellen Witscher. The recessional was "Christmas Song".

One new aspect of the Pageant was the part the students took in organizing and planning it. Acknowledgements are due to Joan Jacobs, Francie Hess and all the others who contributed to the production of the Pageant.

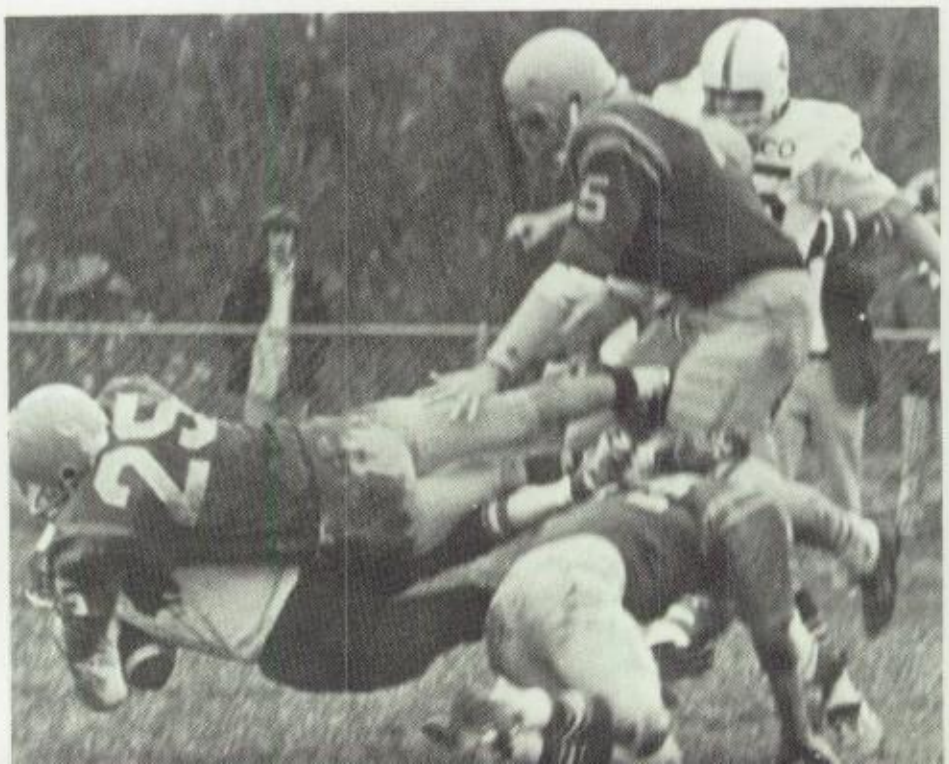
"A" FOOTBALL



Although the varsity football team was often disappointed this year, they culminated the season at Country Day with a tremendous effort and a mental victory. In their nine game season they compiled a 2-6-1 record.

A small team to begin with, the Bombers were plagued with injuries this year, losing many fine players who would have contributed a great deal in most of the games. Because twelve of the twenty-two positions were played by juniors, the team lacked much-needed experience, essential to a steady performance. In spite of these shortcomings, the group learned to work as a team and this was quite obvious by the fantastic output in the Codasco game. The Bombers played their finest game of the season against one of the strongest CDS squads in years. They should be congratulated for a terrific effort; no one was ignorant of the problems they had to face.

"A" Hockey Varsity

ROW 1: Obata, Yerges, Proctor, Carp, Altvater, Edison. **ROW 2:** Little, Kennedy, Jacobs, Lewis, Dee, Burrows. **ROW 3:** Rice.

Once again the "A" hockey varsity went undefeated. In the past four years the hockey team has not turned a game over to an opponent. This overwhelming record is due to the spirit and determination of the team as a whole not to mention the athletic prowess of the players and the outstanding coaching staff. The team was highlighted by the exceptionally refined passing attack of the forward line and the steadfast raw determination displayed by the defense. The team was compiled of thirteen players, ten of whom were seniors. Hopefully the loss of the seniors will not break their winning record. A very special thanks is extended to Mrs. Medearis for her patience, understanding and her ability to produce another victorious team. She was truly a great loss to the department; and the "A" hockey team displayed its respect by dedicating the team's winning record to her.

Coach Jim Stevens, ably assisted by Bob Rau, turned out another championship team this year. Two preseason games pitted the Bulldogs against the two powerhouses of the league, Lutheran North and Country Day. Both games were close but the Bulldogs came out on top. Relying on a tough running game, the Bulldogs overcame North 6-0, although the latter threatened to score late in the game. Codasco scored more points against the Bulldogs in one game than any other team but not quite enough and the game ended, 14-12.

The "Steak House Gang" opened their season against Priory with another close game. The defense and a strategic quick kick allowed Burroughs to win 6-0. In the next three games the B team looked like the famed Burroughs Machine of 1970. In each of these games the Bulldogs shamed their opponents. The prolific offense scored five touchdowns against both Principia and Lutheran South, while the defense gave up but one. Despite a short week of practice due to inclement weather, Burroughs then marched over Lutheran North by a score of 26-0.

The final game of the season turned out to be closer than anticipated. A combination of a wet field and overconfidence almost ruined their bid for the championship for the Bulldogs. The much needed extra point practice throughout the year paid off as Burroughs squeaked by, 8-6. Thanks to all who supported the team, via cakes and or otherwise.

The team would like to announce the election of the two honorary captains in a post-season meeting: Nat Osborne and Paul Caciolo. The Bulldogs would also like to extend special recognition to the coaches, Mr. Jim Stevens and Mr. Robert Rau.

"C" Team Grabs Title Back

This '72 year ball club reminded viewers of the '69 C Team who were the last champions at that level. The "Flyin'" Eagles this year demonstrated their speed and poise and had fun doing it. They met no opponent equaling any of their standards. There was no doubt who was #1 and they proved it by having a sensational undefeated season.

The members of the squad would like to tip their Friday hats to coaches Westling and Leiweke for their organization and spirit which was transferred to the players out on the green each Saturday. They would also like to extend a great thanks to the fans and Jr. Cheerleaders and the cake bakers. Thank you girls.

So with one championship under their belt the classes of '75 and '76 should go far in the next years. Watch for them.

The 1972-1973 Bombers had an excellent season as they took second place in the ABC Tournament. Their record in league play was 6-1-3 and their overall record was a solid 10-3-4. One of the keys to their success was the outstanding performance of forwards John Schaus, Joe Dreyer, Jim Wessler, Nat Osborne, Rick "Cap" McGinley, and star substitute Craig Wilkins. The defense was led by half-backs Rocky Kistner, Charlie Cissel, and Steve LeBert, along with fullbacks Tad Carter, and Rick Hagedorn. The goalie position was split up each game by Trip Dessert and Bill Seddon.

Special congratulations goes to Coach Ray Beckman whose fine leadership led the Bombers to a season of hard work and fun.

This year's "B" team suffered an extreme case of mediocrity. However, ne season was highlighted by several outstanding efforts put out by the eam. The team worked well together with good passing on the front line and well played defense, but they failed to score on many opportunities. Bad veather and poor field conditions throughout the season caused many prac- ces to be called off, nevertheless the team hustled all over the field, so the pponents could score only on fluke goals. Finally, the team settled down nd played good ball. Scoring came from Mark Schoenberg, Peter Miller, Dave Stradal, Dave McCarthy, Pete Hobler, Andy Sisk and Steve Stradal. We would like to thank Mr. Gramse for having patience to coach the team. We are looking forward to a great year on "A" team.

In 12 games the "C" team scored 21 goals, 11 of which were scored by Steve Lewis, compared to their opponents' 5. The stingy defense was led by Jim Beisman and Earl Gerfen. "A" Basketball

Even though the number of losses heavily outweighed the number of wins for the 1972-1973 "A" basketball team, there were many good performances against some outstanding teams. Among these teams were Ladue, Chaminade, Priory, and Principia. After these games, the Bombers' opponents knew that they had had to give 100% effort to win that particular game.

Against Clayton, in the first game of the season, the J.B.S. varsity had many "first night" problems and lost by fifteen points. Against Ladue, John Cissel came off the injured list to help give the heavily favored Rams a run for their money. At Jennings, the Bombers could not seem to get anything going in a losing effort. Upon entering a Christman tournament at Chaminade, the Burroughs varsity gave the host team a battle, but came up short. The next night in the consolation game against Codasco, the Bombers lost, and have definitely tried to forget about that one.

The new year opened with a bang, as two wins were recorded, one against St. John's and the other against SoCoTech. Nevertheless, once league play resumed, the Bombers slowed up, losing to Priory, Lutheran South, and Principia. As soon as Burroughs put everything together, they brought in another win against Codasco.

With the start of the ABC League Tournament, the Bombers commenced a four game losing streak, dropping games to Principia and Prep South, and then with the resumption of league play, to Lutheran North and a close one to Priory. Once again Codasco stopped the Burroughs cagers' worries as the Bombers won easily. Despite much hustle, two more games were lost, to Principia and to Lutheran South. The Bombers did finish their home game season on a bright note, beating NoCoTech and Lutheran North, by thirty points. and ten points, respectively.

On the whole, many experiences, good and bad, were shared by all of the people associated with the Bombers. Although not a great many wins were accumulated, the J.B.S. varsity became very closely knitted and those who stuck with it, didn't regret it.

This year "B" team was, to use a trite phrase, plagued by injuries. Aptly nicknamed "the sprained ankle squad", they had high hopes for a decent season with the returns of many of the previous year's "E.B.E.'s". Hopes were also bolstered as a result of a Coach and General Manager Jim Lemen's off season wheeling and dealing. Trades brought sophomore standouts Marvin "Clyde" Mack and Rick "oops wrong door" Burslem to the Bulldogs and sent Chris Greisedieck to the Bombers.

The "B" team's record was 3-15. They began their league play with two wins, one of which was a big upset over Lutheran South. The rest of the season was down-hill as there were often three starters out of the lineup and always as least one. The Bulldog starters were: juniors Tom Durfee and Paul Zemitsch, sophomores Rick Burslem, Peter Hamilton, Tim Leuhrman and Marvin Mack.

The entire team would like to express their thanks to Mr. Lemen for what is often a highly frustrating job; but three is better than none.

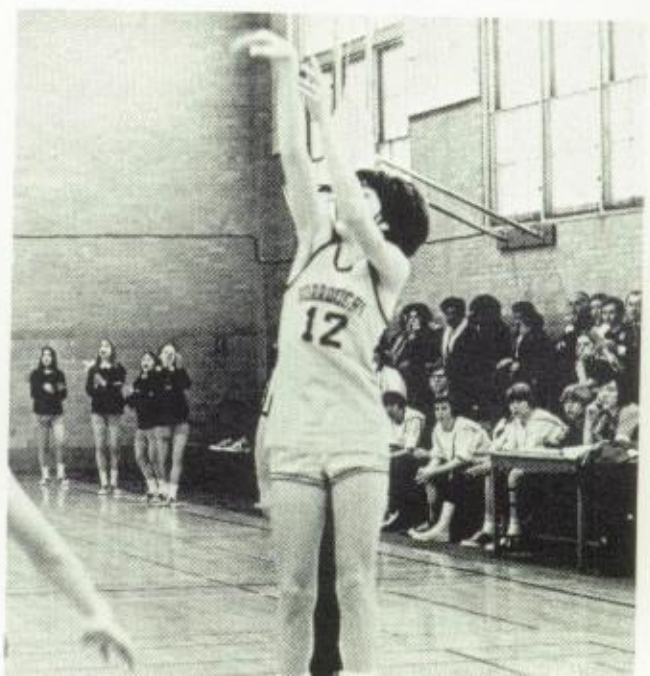
"B" Basketball

ROW 1: Hecker, Burst, Duncker, Levis. **ROW 2:** Griesedick, Fisher, Lee. **ROW 3:** Hellmich, Pittman, Baine, Parke.

"C" Basketball

It is unusual for John Burroughs to have one class with good basketball ability, but this year we have two, the Freshman and Juniors (the Seniors and Sophomores aren't as balanced. Although they do have two or three outstanding performers apiece). Because of this J.B.S., for the first time, can look forward to two or three winning varsity seasons. These teams will undoubtedly be back with this year's freshman, who put together a good season this year.

This year's C Team finished third in the A.B.C. League with an 8-5 record. It was a well-coached, and for the most part enthusiastic and talented group. With a starting seven of Duncker, Sisler, Hellmich, Parke, Lewis, Griesedick, and Pittman, they can look forward to the time when they may be the base for J.B.S. powerhouse.



ROW 1: Cohen, Pitts, F. Pitts, Edison, Cissel. **ROW 2:** Hill, Mattei, Burst, Grinnell, Steinman, Drennan, Johnstone, Clamp, Braun, Mr. Suchman. ABSENT: Busse.

The John Burroughs Hockey Club's first year of sanctioned existence was a hectic one. The team suffered through far-away games, poor officiating, dirty hockey players, financial troubles, and non-existant crowds. The core of the team was made up of nine Burroughs students. Country Day students were recruited to fill out the squad. The coach was Keith (handsome) Suchman. Considering all the problems that came up during the season. Coach Suchman did a fine job. The season's opening tie with Kennedy was high-lighted by Sid Symingtons' hat trick. A mid-season rematch with Kennedy featured Captain Mike Drennan in a fine boxing match. The team's only victory in its' first twelve games came against Lafayette. The Bombers simply didn't have the manpower to keep up with the larger schools. Goalies Dave Busse and Pete Edison did a good job keeping most of the scores respectable. Everything considering, the season was fun and worthwhile for everyone involved.

It's been a great year for Slim, Geranium, Dynamo, Pinkus, That's Mike's Girl, Donaldo, Squirrel, and all the rest. A 500 season, (after Christmas, of course) — set and reset the Burroughs scoring record (62 — 8). Had some underclassmen that actually won some matches. Had individual records 7-9, 8-8, 9-3, 13-3, 16-3, 17-5, 20-4. Only three graduating. Medals: 6 gold, 1 silver, 2 bronze. Best Western at 3:30 a.m. . . . Flaming Pit for hours . . . ROW 1: Coach Leiweke, Elzemeyer, Osborne, Rassieur, J. Cissel. **ROW 2:** Johnstone, D. Martin, E. Cissel, Lay. **ROW 3:** L. Schmid, Mastorakos, Holekamp, S. Holekamp, Krause.

The 1972 edition of the varsity baseball team came up with only two victories, finishing last in the ABC League with only one league victory. Nevertheless, they improved from the year before. In spite of their losing record, the Bombers enjoyed themselves throughout the season.

By shutting out St. John's, 1-0, and by whipping Principia, 7-4, Chip Krause, a sophomore, got the first two wins that any Bomber hurler has had in two seasons.

The rest of the games were lost to teams such as Priory, Codasco, North, South, Maplewood, U.City, and Ladue. The scores varied from "feasts" like 19-2 to "barn-burners" such as 7-5. Unfortunately Burroughs came out on the short end every time.

Despite their record, the "A" team did learn many concepts about baseball that they hadn't known before. Coach Leiweke devoted much time to the team, and most important everyone who played enjoyed himself almost the entire time.

"B" Baseball

ROW 1: Mathes, Wyman, Miller, S. Stradal, Caciolo. **ROW 2:** Hobler, Kallaus, Gordon, Byers, Grinnell, Mr. Stevens. **ROW 3:** Schmid, LeBert, Seddon, Griesedick, Busse.

This year's "B" baseball team had its share of ups and downs (mostly downs) as their season ended with a losing 3-7 record. A lot of the team was inexperienced as there were many freshmen. The rest were left over from Grover Grabtree's star-studded "C" squad of 1970-71.

Standouts Bill Seddon, Steve Stradal, Ed Schmid, Dave Busse and J.P. Grinnell exchanged responsibilities in the outfield. The pitching fluctuated throughout the year and when it was really bad, relief hurlers included Seddon, Pete Miller and "Blindman" Caciolo. The big hitters included Bruce Byers, Seddon, Steve LeBert, and "Beaus" Mathes.

With most of the team moving up to varsity, there promises to be many exciting games next year. Many thanks go to "Papa Bear" Stevens, who did a fine job coaching and putting up with us

"C" Baseball

ROW 1: Coach "Grover" Crabtree. **ROW 2:** Lemp, Wang, Wolff, Martin, Bristow, Sunnen. **ROW 3:** Adams, Austin, Johnson, S. Stradal, P. Hamilton, Rosenfeld.

Last year's "C" team under the leadership of Mr. Crabtree completed its' season with a disappointing record of 2-8. The record was not the result of lack of spirit but rather a lack of experience. Highlights were the two consecutive victories over Codasco, the first in a number of years. Many of the losses were due to superior opponents. When nothing else worked the team tried such tactics as the right fielder swinging a mean yo-yo and the shortstop throwing the ball over the backstop. Despite the record, the team had a great time. And would like to thank Mr. Crabtree for his understanding and leadership through the minor disasters, losses, and vitories.

ROW 1: R. Keith, J. Heidbreder, S. Martin, Howell, M. Schnuck, J Gaebe. **ROW 2:** Geissal, Reed, Barksdale, McGinley, Trulaske, S. Noonan, J. Miller, Peterson. **ROW 3:** Mr. Carinci, L'oiseau, Lind, B. Goforth, Green, Keydel, Feit, R. Manchester, Kerth, Mr. O'Keefe.

Track

The 1972 track team had a very successful season with a good 3-2 record in dual meets. The highlight of the regular season was Peter Kerth's 49.0 440. The team tended to do better in larger meets. They placed second in the Clayton Invitational, being edged out of first by two points. Individual winners were Peter Kerth in the 220 and the 440, Rick McGinley in the 100 yd. dash and John Heidbreder in the 180 low hurdles. The mile relay took first with the 440 and 880 relay teams each taking a third spot.

In the ABC Medals Meet the team again took second. Heidbreder took first in the high and low hurdles; Kerth took first in the 440. Kerth and McGinley were one and two respectively in the 100, and Kerth Miller, and McGinley swept the 220. The 880 relay and the mile relay took easy firsts.

In the City-County Meet, the only JBS action was in he Junior Division with McGinley winning and tying the record for state in the 100. The team won the District Meet with Kerth qualifying for state in the 100, 220, 440. The 880 relay team of Miller, Schnuck, Martin, and McGinley took first along with the mile relay of Miller, Trulaske, Heidbreder, and Martin.

The team went to Columbia very optimistically. The highlight was Kerth easily taking first in the 440. The mile relay took third and the big disappointment was the 880 relay. They led going into the last leg but a mix up in the handoff caused disqualification. However, the team placed highest of the St. Louis area teams, concluding a good season. Many thanks go to Mr. O'Keefe and Mr. Carinci for their fine coaching.

Gone But Not Forgotten

Virginia Anne Burslem

We fell asleep with purple flowers while Orion turned cartwheels in the sky. She flew up and as I watched, she fell, scabbing her knee. The tears flowed, rivulets of salty sea spray, as on a drippy day, were upon our nestled bodies; tears enough for Alice to swim in and for all our fears to join. Her tears were cold, crystalizing to snowflakes which softly piled upon us, leaving us clutching for warmth. Lo, the eternal sun could not, even then, cease radiating, and shone so brightly that our bodies pinked and even she smiled. Mother, what childish games we play.

Mardy Kendall

ad hoc ad hoc et quid pro quo

So little time and so much to know

You shall above all things be glad and young.
for if you're young, whatever life you wear
it will become you; and if you are glad
whatever's living will yourself become
Girlboys may nothing more than boygirls need:
I can entirely her only love
whose any mystery makes every man's
flesh put space on; and his mind take off time
that you should ever think, may god forbid
and (in his mercy) your true love spare:
for that way knowledge lies, the foetal grave
called progress, and negation's dead undoom.
I'd rather learn from one bird how to sing
than teach ten thousand stars how not to dance.

Jonathan,

I do believe this has been a most crazy mixed-up year in my life sitting next to you in assembly. Your jokes really crack me up (in fact I'm getting a splitting headache from them right now). Theatre will never die - in your life. SIU - surprise! We're human! Well, you should be able to understand. Two hrs. up a cliff and only about 10 ft. off the ground — oh well. Sgt. Pepper! Your "John Kayes's cale" in jokes is often discussed by James and me - but neither of us ever find anything of a low enough funniness rate on it of any importance, as you have surely guessed.

Well, keep up the bridge and burn all the chess games!

One Day, we'll be governed by people your age!

Look around you. In 20 years some of the faces you see now may be recognized by millions. When that day comes, you and your classmates will be making many of the important decisions in industry . . . in our school systems . . . space program . . . government.

Seems incredible that it could happen in such a short time, doesn't it? But you'll be ready. Because between now and then you'll get a lot of practice handling new responsibilities. College. Career. Marriage. Children. A hundred varieties of financial responsibilities.

If you haven't already, drop by for just a few minutes. Let us show you what we can do for young people like yourself. It's never too early to have your own bank.

IT'S FINISHED!!

Alex, glad that's over even though it was fun. I didn't have any classes with you this year and aside from drama and Model U.N. I haven't seen much of you. Maybe next year (God, that sounds trite - everybody uses it) Ginny wants her pen back — why did you pick this color? I hope I see you this summer.

Chaz Dunkit

Oh, what a year! It's been two hours since Quincy Adams and Beacon and Beacon Hill. The note and your spidery handwriting (?) Hood tuck. (I don't know either, thinkins so hard.) Take it slow.

Jon,

History was fun this year and we had a good class and time. Your term paper was terribly long. It was good though! I learned two things from it: 1) about Napoleon, 2) not to type term papers I haven't seen the length of beforehand. See you next year. Maybe the third floor will still belong to our class.

Emily.

Jon,

My friend when there were no others, war game expert, Keeper of The flame, EL Duce/72-73. Little Napoleon — Pretty Fucking tenacious, it was a good year. Thanks.

Sb (Marks.)

Kayes —

In view of the recent redbird winning streak & think I could safely bet that we will win our division. It's too bad that you picked the wrong club to bet against. Better luck next year.

To Jonathon: Its been a great year. I think you and I were the only ones that knew whatwas happening in Math. Thanks for the help with (illegible)

your friend
Dave.

I can never think of anything to say in yearbooks! I've had so many dumb jobs, so many dreams, so many problems, and I'm almost as smart as I am modest. Have a nice summer. I might have (1st Peter 5:7) But all you can do is English and I can't believe you could have read the whole Bible for you. I can't believe you're graduating. I'd like to take you to Kilbury Christian. Take care. Love ya Janet

Johnny-Boy,

Don't got much to say. You were a good class president-really. And you quite good in Talee her, she'd prime. And all that other usual, Tulsa stuff! Have a good time making your movie with Gen-O! I gots to sign off afore I fergits my gud gramma.

See ya - Becky

Amtrak
America's first nationwide passenger rail system: "We're making the trains worth traveling again".

Andrew G. Seth - Jon it was swell being with you in French class (you were never there) and in History class (with those jokes). Hope you enjoy your trip to Chicago on Amtrak - because it is on a train it will surely be quite ebcellent. Hopefully you'll wise up and start riding the trains more. Remember the time you told me about your ride on the GMEO to Chicago? And to think what you said to me then we have been - I was unfamiliar of that train then. Have a nice summer, see you next year (in history class?) A G S.
